

Remarks

Presently applicants cancel claims 1-22, without prejudice to the subject matter therein, reserving the right to prosecute these claims in continuation applications. Applicants submit new claims 23-27. The new claims are supported throughout the application, published as US-2007-0208024, and add no new substantive matter. Claim 23 is supported, for example, by Formula X90 on page 68. Claim 24 is supported by Example 91 on page 40. Claims 25, 26, and 27 are supported, for example, on page 4 column 2. Applicants respectfully request that new claims be entered prior to examination.

Respectfully submitted,

/Dan L. Wood/
